

EliteDent Website

Purpose:

- Clinic visibility
- Gain patients trust
- Establish good reputation

Existing Page Requirements:

- Services
- About
- Printing Services

Potential Pages:

- FAQs
- Gallery (before and after) - could be embedded into the services page
- Testimonials
- Smile Assessment tool in which user uploads image of teeth/requirements and is led to book a consultation or appointment
- Pricing/insurance options available

Site structure:

- Paramount inspired splash screen (the mountains in paramount animation replaced with a perfect smile image, and elitedent logo attached)
- Hero section : book a consultation cta
- Booking page collects the data under the INFO heading in this document
- Remaining home page sections: services we offer (animated with images behind cards), about (thats all for now, potential pages require approval first)
- Navbar would have home, services, about
- No sign in/sign up

INFO:

Dentist / account (auth + profile)

Sign up: email, full name, password, clinic name, German phone (+49 + 11 digits)

Sign in / forgot password: email (+ password on sign-in)
